

## CLASSES AT WESTRIDGE ELEMENTARY SCHOOL

LITTLE CODERS

Grades K - 2

Thu, 3:05pm-4:05pm Jan 23 - Mar 5 \$139 / 7-week session

Get them started early! The Little Coders class provides young students with the basics of computational thinking skills, such as loops and conditionals, through a fun blend of hands-on activities. The curriculum is built specifically for this age group, with a mix of activities from coding puzzles and board games to easy-to-use, drag-and-drop programming tools. Projects are updated each session, so returning students will have new challenges to work through and advance their knowledge.

#### MINECRAFT SERVER MODDING

Grades 3 - 6

Thu, 3:05pm-4:05pm Jan 23 - Mar 5 \$139 / 7-week session

Calling all Minecrafters! Building Minecraft mods is a great way to learn programming, harness creativity, and enhance problem-solving skills while making your favorite game even better. Each student will get to run their own Minecraft server where they can customize the game with their own world maps and features. Students will design custom textures, build amazing structures, give their players new abilities, and depending on experience even create their own mini-games all while learning Linux and programming.
